A) Executive Summary

The Village at City Park is a proposed Planned Zoning District in north Pea Ridge. The project will be located on 10 acres directly east of the Pea Ridge City Park.

The purpose of the project is to create a mixed-use development featuring detached single-family homes, flexible multi-family tracts, mixed use commercial and residential rentals, and a commercial organic farm.

The property is currently owned and developer is OCHEL TOV, LLC and Andelman Holdings, LLC.

The project will include five distinct planning areas that will include:

- Planning Area “A” – Single-Family – Medium Size Lots
- Planning Area “B” – Single-Family – Terrace House Lots
- Planning Area “C” – Townhomes
- Planning Area “D” – Mixed Use Commercial and Residential Apartments
- Planning Area “E” – Single-Family – Deep Lots
- Planning Area “F” – Commercial Farm and Detention Pond

The site flows from south to north with an existing farm pond located in the north central portion of the site. This area will be modified to house the required detention pond.

Planning Area A will consist of lots with homes ranging in size from 2,000 square feet to 2,800 square feet with rear loading garages. Planning Area B will consist of two-story Terrace style homes with a zero lot line on one side to allow a more usable green space. These lots will also have rear loading garages. In addition, in lieu of the traditional City street located in the front of the homes, the front areas will contain sidewalks with a usable shared greenspace. Planning area C will consist of three-story townhomes with rear loading garages. Planning Area D will consist of three-story mixed use with commercial on the first floor and residential apartments on the 2nd and 3rd stories. Planning Area E will consist of deeper lots with homes ranging in size from 2,500 square feet to 3,500 square feet with rear loading garages. Planning Area F will consist of a single-family home and commercial organic farm used for growing

vegetables and fruit, the detention pond, and agri-tourism. No animal farming will be permitted in this area.

B) Property Details and Legal Description

The Village at City Park will be located near the intersection Hickman Drive and Easterling Road per Book L202614100. Property includes 10 acres.

D) Scope and Concept

The Village at City Park will be a mixed-use development featuring single-family along Easterling and the north half of the development, single-family terrace house residential, townhomes, mixed use commercial and apartments, and a commercial organic farm. The development will include six distinct planning areas, or lot types, each with its own set of design standards and allowed uses. Each of the planning areas is generally based on requirements from various standard zoning districts provided in Pea Ridge's municipal code.

Planning Area A: The area includes single-family residential along Easterling Street and in the north half of the project (Lots 1-8). All homes will be rear loading garages with access from the proposed alleys. The approximate development area is 1.3 acres of single-family housing.

Planning Area B: This area includes terrace house type single family two-story residential homes (Lots 9-32). Typical lot sizes are anticipated to be 35' wide by 102.5' deep. The front yards of these lots will face a greenspace in lieu of a typical street with sidewalks. The approximate development area is 2.5 acres.

Planning Area C: This area includes townhome development. The townhomes will be 3-story with rear loading garages (Lots 33-34). The approximate development area is 0.90 acres.

Planning Area D: This area includes mixed use commercial and apartments. The buildings will be 3-story with the first floor commercial and apartments for the 2nd and 3rd floors (Lots 35-36). The approximate development area is 1.1 acres.

Planning Area E: The area includes single-family residential with deeper lots and in the north half of the project (Lots 39-47). All homes will be rear loading garages with access from the proposed alleys. The approximate development area is 2.1 acres of single-family housing.

Planning Area F: This area includes a single-family home, commercial organic farm, and the detention pond. The commercial farm will be fruit and vegetables only and no animal-based farming will be permitted (Lots 37-38). The approximate development area is 1.8 acres.

E) Planning Area Map

A conceptual rendering of the proposed planned development is included with the rezoning materials. This conceptual layout is provided to illustrate the developer's intent for the project, and illustrates proposed general locations of roads, buildings, and other improvements. The final construction plans for improvements within each planning area may differ from what is shown on the exhibit as the project moves through City review and formal design processes.

The locations of the planning areas on the site are illustrated on the following page of this document.
